

Christmas Eve

It's time to start the day

With the first rays of light
We wake up and get dressed
To go to the beach and have fun
With our friends and family

We eat delicious food and drink
Lots of juice and water
And we play games and have fun
With our loved ones

We sing songs and dance
To the rhythm of the music
And we have a great time
With our friends and family

We take lots of pictures and videos
To remember this special day
And we have a wonderful time
With our loved ones

We eat delicious food and drink
Lots of juice and water
And we play games and have fun
With our friends and family

We sing songs and dance
To the rhythm of the music
And we have a great time
With our loved ones

We take lots of pictures and videos
To remember this special day
And we have a wonderful time
With our friends and family

We eat delicious food and drink
Lots of juice and water
And we play games and have fun
With our friends and family

We sing songs and dance
To the rhythm of the music
And we have a great time
With our loved ones

We take lots of pictures and videos
To remember this special day
And we have a wonderful time
With our friends and family

We eat delicious food and drink
Lots of juice and water
And we play games and have fun
With our friends and family
